Terre du Mesnil Vintage 2017

Terroir

The cuvée "Terre du Mesnil" is crafted exclusively from Chardonnays from Mesnil-sur-Oger, mainly from the heart of the terroir. The selected plots vary depending on the tastings of the clear wines of the year. We often find the following named places: Les Vaucherots, Les Coullemets du Midi, Les Finciarts, Les Chétilons, which are parcels with very low yields, with a maximum of 5000 to 6000 kg/ha, producing grapes with significant total acidity and low pH, allowing us to harvest them very late and thus at full phenological maturity. These grapes enable us to produce wines of great depth, while preserving nobility and freshness.
